HTML5
NODE.JS
EXPRESS

CSS3 • MySQL

JAVA SCRIPT • JAVA

Project

Full-Stack Developer Feb 2024 – Jun 2024

Designed UI using HTML, CSS, and JavaScript.

- Built backend functionality with Node.js and JSON.
- Developed features such as alumni registration, gallery, and story-sharing.
- Technologies Used: HTML, CSS, JavaScript, Node.js, JSON

Spotify Clone Nov 2023 – Dec 2023

- Designed UI user interface for Spotify.
- Technologies Used: HTML, CSS, JavaScript.

Agriculture Assistant Apr 2023 – Jul 2023

- Developed a console application that provides land information such as humidity, soil type, pH value, temperature, rainfall, and predicts the best crop for your land.
- Technologies Used: Python .

Experience

IBM Skills Build Summer Internship

6-Week

Gained hands-on experience in HTML, CSS, JavaScript, and responsive design. Developed interactive web applications, enhanced UI/UX skills, and worked on real-world projects under industry mentorship.

YBI Foundation AI & ML Internship

1 Month

Worked on AI and machine learning concepts, including data preprocessing, model training, and evaluation. Developed AI-driven solutions and gained practical experience in building intelligent applications.

Certificates

Project Management Fundamentals

Developed a strong understanding of project planning, execution, and risk management. Gained skills in team collaboration, resource allocation, and workflow optimization, ensuring efficient project delivery.

Web Development Fundamentals

Acquired expertise in HTML, CSS, JavaScript, and responsive design. Learned to build dynamic and user-friendly web applications, focusing on UI/UX principles, front-end development, and performance optimization.

2021-2022
